TOUR NAME

Views of Mt Etna & Jewel Factory Shopping

Leaving the port of Messina you will head towards the lovely village of Zafferana, driving south on the motorway through a fertile paradise of green vineyards and golden citrus groves. Passing through Santa Venerina village, the scenery becomes increasingly forbidding as you approach the park of Mt Etna. At 1,800 feet above sea level, this small village boasts enchanting, wild scenery and you'll have the opportunity to visit the 1992 lava flows. After a 30-minute drive you'll reach the Gival factory at Giarre and receive a very warm welcome from the staff and a cocktail to enjoy. Tour the small workshop and see the unique collection within the exhibition room, where you can buy a piece of jewelry if you wish.
