TOUR NAME

Olbia Bike Tour

One of the best ways to discover the natural beauty of Sardinia is to get out and about on a bicycle, and that's exactly what this trip involves. It'll take you along country roads and over flower-speckled hills to one of the island's finest beaches. You'll start by picking up your bicycle at Olbia port, and heading north out of town with your guide. You'll pedal along the picturesque Gulf of Olbia beneath Mount Scauri to the town of Golfo Aranci, enjoying the views over the sandy beaches and the turquoise Mediterranean as you go. After a while, you'll come to the Costa Smeralda, a chic stretch of coastline that's known as a playground of the rich and famous. Here, you'll stop off at the beautiful white beach of Golfo di Marinella, where there's time to relax on the sands. After your break, you'll cycle back to the ship through the pretty villages of P. Nuraghe and St. Rudalza to Olbia.
